

Spring has sprung at the Botanical Gardens!

Spring 2026

Dear friend of the Botanical Gardens,

This spring, we invite you to step into an abundance of color after a long, gray winter. The Buffalo and Erie County Botanical Gardens is delighted to welcome back our beloved Spring Flower Exhibit, a seasonal favorite that offers a joyful escape and a true celebration of renewal.

No passport is needed to be transported to the spectacular spring blooms of the Netherlands. Our historic conservatory will be filled with brilliantly colorful, vibrant flowers, creating a one-of-a-kind experience for visitors of all ages. Guests will be immersed in the fragrance of hyacinths, surrounded by vibrant daffodils, colorful tulips, and many more seasonal favorites. With over 20,000 bulbs on display throughout the only historic conservatory in the Western New York region, this exhibit is sure to lift spirits and put a smile on your face.

Every year, corporate and individual volunteers assist with the planting of our bulbs, along with the transportation and cleaning of them for our annual Bulb Sale. We could not put this exhibit on every year without the help of our generous volunteers, who are the real reason this exhibit is brought to life.

The Spring Flower Exhibit is our largest and most anticipated display of the year, and it happens because supporters like you believe in deepening the connection between people and plants. Your generosity helps bring the Botanical Gardens to life, making it possible for our community to gather, learn, and be inspired by the beauty of the natural world.

Every gift, at any level, directly supports the care, cultivation, and presentation of this cherished spring tradition. Help us celebrate our volunteers and keep the Botanical Gardens growing with a donation today. Together, we can nurture the Botanical Gardens that we all love.

Sincerely,

Erin Grajek
President and CEO

Our impact

760k community interactions year-round

40k plants cared for year-round

400+ engaged partners

Including our engaged community partners, supporters, and friends.

Exciting growth is ahead!

We're excited to share that our campus will soon feature an additional 90,000 square feet of new and refreshed gardens for the community to enjoy!

The Buffalo and Erie County Botanical Gardens Society, Inc. is a 501(c)(3) not-for-profit organization with a mission to deepen the connection between people and plants through beautiful gardens and extraordinary experiences.
